

MPBIA EVENTS

The MPBIA supports, participates in, and hosts over 100 events annually.

These events are focused on supporting and promoting local businesses as well as fostering a strong sense of community. We plan block parties, concerts, retail events, and more throughout the year.

Main Street sees two annual street festivals, including Pleasant Day Festival, which takes over Main Street with a varied selection of local retailers, restaurants, bars, businesses and artists.

We would love to have you participate in our events! Please get in touch with sierra@mpbia.ca with any questions about our event calendar. If you have any of your own events planned, please tag us in your posts on social media or share any assets you would like us to help promote.

If you would like to collaborate with the MPBIA to put on a event please email us with your event ideas.
